DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

In the drawings:

a) The drawings are objected to because of the following: For examples: It is not clear as to whether the elongate conductor is actually formed in to a three bend hook shapes at both ends, since Fig. 7 only shows that at least one elongate conductor having three bends 123, 125, 127 that creates a hook shape 114 on one ends. Note that none of the provided drawings indicates the claimed "a three bend hook shapes" at both ends. Please clarify.

b) For above reasons, the drawings are objected to under 37 CFR 1.83(a) because they fail to show the features as described in paragraph a) above (or in the specification pages 5-6). Any structural detail that is essential for a proper understanding of the disclosed invention should be shown in the drawing. MPEP § 608.02(d). Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement-drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for

consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

In the title:

"System and Method for " (in the title) should be changed to: -- An electrical assembly for solder less--.

In the claims:

a) "said conductor having a three bend hook shape" should be changed to: "said at least one elongate conductor having three bends which creates a hook shape"

b) "said conductor" (claim 1, line 10) should be changed to: --said at least one elongate conductor--.

c) "said conductor" (claim 4, line 2) should be changed to: --said at least one elongate conductor--.

d) "assembly" (claim 9, line 1) should be changed to: -- The assembly--.

* Further, Applicants' cooperation is requested in correcting any errors of which applicant may become aware in the claims.

Art Unit: 3729

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.
